**NOTICE**

=====

**TO : THE STUDENTS POPULACE**

**REF : SUSPENSION OF PHYSICAL CLASSES**

=====

This serves to inform all students that following the rise in the COVID-19 cases it has been found prudent to suspend all physical learning for the next two weeks in the interest of both staff and students.

Arrangements have been made to increase the number of hotspots in strategic places around the campus and the coverage in the students' hostels. Students will therefore access all learning material from the online platforms provided and also attend zoom classes as timetabled.

The status will be reviewed after two weeks.
